How We Can Help

Booking our Room?

Booking functions at My Bar is easy, there is no minimum spend requirement but due to rising costs and the high demand for the Function Room there is a \$200 hire charge / booking deposit to secure the function room for the date requested. The booking of the Function Room is not confirmed until the \$200 hire fee is paid and this is non-refundable.

Easy Catering Options

Choose from our great catering menu or you can bring your own. We can even help with platters, crockery and heating for a fee of \$50. Food catering orders need to be received at least 3 days in advance of your function.

Extensive Drinks Options

We have a great range and brilliant bar staff who can whip up just about anything so if there is something special you want for your event or your favourite wine isn't on the menu, let us know and we'll try to get it in for you. Sorry but BYO is not available.

Easily Managed Tabs and Subsidised Drinks

We have the ability to run computerised bar tabs and subsidised drinks, so you can relax without having to worry about stretching your budget.

Terms and Conditions

The hire of our function room is subject to a few terms and conditions which are fairly standard in most hospitality establishments. As we are a bar there is no BYO of alcoholic and non-alcoholic beverages. All bars are required to abide by the Sale of Liquor Act and therefore we may have to refuse entry to anyone breaching this Act. If there is any damage or loss of property by you or your guests you will be charged and this is payable on the night of your function. As there are apartments directly in front of My Bar we reserve the right to control the music volume levels.

We look forward to making your function a wonderful night.
